East of Eden is a sprawling family saga that tells the story of two generations of the Trask family. The novel begins with the murder of a young woman by her father, and it goes on to explore the consequences of this act for the rest of the family. *East of Eden* is a complex and challenging novel, but it is also a deeply moving and ultimately hopeful story about the human condition.

The Grapes of Wrath is a more straightforward novel, but it is no less powerful. The novel tells the story of the Joad family, a group of migrant workers who are forced to leave their home in Oklahoma during the Dust Bowl. The Joads travel to California in search of a better life, but they find only hardship and poverty. *The Grapes of Wrath* is a powerful indictment of the social and economic conditions that led to the Great Depression, and it remains an important work of social commentary today.

If you are looking for two of the greatest American novels ever written, then you need to read *East of Eden* and *The Grapes of Wrath*. These novels are essential reading for anyone who wants to understand the American experience.
