

# How Your Company Can Build a Better World

In this groundbreaking book, renowned business leader and social entrepreneur Dan Pallotta argues that companies can and should be a force for good in the world. He shows how companies can use their profits to solve social problems, create jobs, and improve the environment.

Pallotta draws on his own experiences as the founder of Charity: Water, a nonprofit organization that has brought clean water to millions of people in developing countries. He shows how Charity: Water has been able to achieve such remarkable success by focusing on three key principles:

1. **Think big.** Don't be afraid to set ambitious goals. The bigger the goal, the more likely you are to achieve something truly transformative.
2. **Be bold.** Don't be afraid to take risks. The most innovative and successful companies are the ones that are willing to try new things.

3. **Be persistent.** Don't give up. The road to social change is long and difficult, but it is possible to achieve great things if you never give up.

Pallotta's book is a must-read for anyone who wants to make a difference in the world. He shows how companies can use their power and resources to create a more just and sustainable future.
