The American Dream is a lie. It's a lie that we're told from the moment we're born, a lie that we're told by our parents, our teachers, and our leaders. It's a lie that we're told by the media, by the government, and by the corporations that control our lives.

The lie is that if we work hard and play by the rules, we can achieve anything we set our minds to. That we can become rich, successful, and happy. That we can live the American Dream.

But the truth is that the American Dream is just a dream. It's a mirage, an illusion. It's something that we're never going to achieve, no matter how hard we work or how good we are.

The reason why the American Dream is a lie is because the system is rigged against us. The system is rigged in favor of the wealthy and the powerful. The system is rigged in favor of the corporations and the banks. The system is rigged against the average American.

David Cay Johnston, an acclaimed author and investigative journalist, has spent his career exposing the lies and corruption that have corrupted our institutions and left us with a system that is rigged against the average American. In his new book, *Lying: The American Dream from Hollywood to Wall Street*, Johnston pulls back the curtain on the American Dream and shows us the ugly truth that lies beneath.

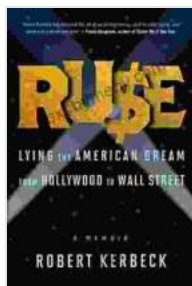

Johnston shows us how the wealthy and the powerful have used their money and influence to buy our politicians and rig the system in their favor. He shows us how the media has become a mouthpiece for the powerful, and how the corporations have corrupted our government and our economy.

Johnston also shows us how the American Dream has been used to justify war, poverty, and inequality. He shows us how the American Dream has been used to divide us and to keep us from fighting for our rights.

*Lying: The American Dream from Hollywood to Wall Street* is a scathing indictment of the American Dream. It's a book that will make you angry, but it's also a book that will give you hope.

Johnston's book is a call to arms. It's a call to arms for us to fight for a better future, a future where the American Dream is no longer a lie.
