Excerpt from 'The Making of Henry VIII'

Henry VIII is one of the most famous and infamous monarchs in English history. His six wives, his break with the Catholic Church, and his execution of Sir Thomas More are just a few of the events that have made him a legend. But who was the man behind the myth?

In 'The Making of Henry VIII', Alison Weir sets out to uncover the real Henry VIII. She draws on a wealth of new research to create a portrait of a complex and contradictory man. Henry was a brilliant and charismatic leader, but he was also ruthless and cruel. He was a devout Catholic, but he also broke with the Church of Rome in order to divorce his first wife, Catherine of Aragon.

Weir's book is a fascinating and insightful look at one of the most important figures in English history. She paints a vivid picture of Henry's life and times, and she offers a fresh perspective on his character and reign.
