## Description

**The Money Mafia: World In Crisis** is a groundbreaking exposé that uncovers the hidden world of high finance and its devastating impact on the global economy.

Investigative journalist and author David Icke has spent years researching the shadowy network of bankers, politicians, and corporate executives who control the world's money supply. In this explosive book, he reveals how this powerful elite has rigged the system in their favor, leading to the financial crisis of 2008 and the ongoing economic turmoil that continues to plague the world.

Icke meticulously documents the connections between the world's largest banks, hedge funds, and central banks. He shows how these institutions have created a complex web of financial instruments that are used to manipulate the markets and enrich themselves at the expense of ordinary people.

The Money Mafia is a must-read for anyone who wants to understand the true nature of the global financial crisis. It is a powerful indictment of the

corrupt and greedy individuals who have hijacked the world's economy for their own selfish gain.

## Reviews

*"The Money Mafia is a bombshell that will blow the lid off the global financial crisis. David Icke has done a masterful job of exposing the hidden world of high finance and the devastating impact it has had on the world economy."* - **John Pilger, investigative journalist and filmmaker**

*"I highly recommend The Money Mafia to anyone who wants to understand the true nature of the global financial crisis. Icke's research is impeccable and his s are shocking."* - **Michael Hudson, economist and author**

*"The Money Mafia is a must-read for anyone who wants to understand the real story behind the global financial crisis. Icke has done a great service by exposing the corrupt and greedy individuals who have hijacked the world's economy."* - **Paul Craig Roberts, former U.S. Assistant Secretary of the Treasury**
