In the wake of Prince Harry and Meghan Markle's bombshell interview with Oprah Winfrey, royal watchers have been left wondering what went wrong between the once-close brothers, William and Harry. Now, in this explosive new book, royal correspondent Robert Lacey reveals the inside story of the rift that has torn the royal family apart.

Based on exclusive interviews with sources close to both William and Harry, as well as a deep dive into the royal archives, Lacey paints a vivid picture of the events that led to the brothers' estrangement. He reveals the sibling rivalry that has always simmered beneath the surface, the tensions that arose over Harry's relationship with Meghan, and the final straw that broke the camel's back: Harry's decision to step down from his royal duties.

Lacey also explores the wider implications of the rift, for the royal family and for the monarchy itself. He argues that the brothers' feud is a symptom of the deep-seated problems that have plagued the Windsors for generations. And he warns that, if the rift is not healed, it could have devastating consequences for the future of the monarchy.

William and Harry: The Inside Story of a Family in Tumult is a must-read for anyone who wants to understand the true story behind the royal rift. It is a fascinating and deeply disturbing account of the events that have torn apart one of the world's most famous families.

Praise for William and Harry: The Inside Story of a Family in Tumult
